

# VRIS UPDATE

## **Non-Citizen Verification Effective 8/12/2014 Number 398**

### **SUMMARY OF UPDATES**

The process is being changed for verifying that a non-citizen applicant for VR services is lawfully present in the United States and legally authorized to work. Since the majority of the presented documents have a photo and the Systematic Alien Verification for Entitlements (SAVE) uses photo matching in the verification process, the local office will now scan and email the copies of presented immigration documents to the VR HR Program Director after entering the document information in the Citizenship section of the Basic Information Screen in the QE2 record.
